

FIGHT AGAINST UNION LABOR'S CONTROL URGED

ATLANTA, N. J., April 27.—Discussion of labor's relation to capital, to which the United States chamber of commerce in convention here will devote its Thursday session, began with the railroad group tonight when speakers urged an organized effort to combat the control it was alleged union labor has assumed over railway operation.

R. H. Angelle, banker of Roanoke, Va., declared "union labor is in control of the railways absolutely and if we wait a little while they will have a strangle hold on us from which we cannot extricate ourselves."

"Labor has made the challenge and we should accept it, for this fight which has been thrust upon us must be fought out some time," he said.

He asserted he was not antagonistic to union labor, nor to workmen, but he was opposed to "anything like the dictatorial Plumb plan."

"The chamber of commerce should make recommendations to both sides at conventions in favor of platform planks against union labor domination. The party that will lead us to salvation is the party that will save us from this trouble."

A number of delegates expressed support of such a policy. The report of the committee, which was adopted, declared "railroads are entitled to receive from shippers and passengers rates that will pay them a living wage for services performed and it is the duty of the public to insist that its representatives shall establish a transportation policy that is sound from a business standpoint."

The Republican commerce group tonight adopted resolutions offered by William C. Redfield, former secretary of commerce, that the trade embargo against Russia be lifted and relations between citizens of the United States and Russia be resumed. The resolutions disclaimed any intention to recognize the soviet government.

Young Soldier Says He Is Wife Murderer
SAN FRANCISCO, April 28.—Henry J. Orr, 19-year-old soldier in the transport corps, confessed the police said, that he killed his wife, Margaret, in New Haven, Conn., September 21, Orr was to have sailed today for the Hawaiian Islands.

ARGENTINE FINDS SEED WHEAT GONE
BUENOS AIRES, April 28.—All seed wheat in the province of Chubut, southern Argentina, has been purchased by a North American firm, according to reports. This announcement, coupled with record exportations of wheat since January 1, which total nearly 80,000,000 bushels, has created some alarm, and newspapers are discussing danger of over-exportation.

CANDIDATES FOR PRESIDENCY ALL STATING VIEWS

WASHINGTON, April 27.—Approval of co-operative bargaining, improved rural credits, reduction in the "growing evil" of farm tenancy, and national conservation were voiced by presidential candidates who have answered the political questionnaire of the national board of farm organizations.

Replies were made public today from Governor Lowden, Senator Owen, Jas. W. Gerard, former ambassador to Germany; Herbert Hoover, Major General Leonard Wood. That from William S. McAdoo has been published.

Governor Lowden, Mr. Hoover and General Wood each pointed to speeches or printed articles which, they said, answered the questionnaire. "I believe in bringing the farmer nearer the consumer," General Wood wrote, "and in giving the farmer organizations every right and privilege which other lawfully constituted organizations enjoy."

Government Ownership Doubtful. "I am very doubtful concerning government ownership of railroads, my doubts arising from our experiences during the war."

Senator Owen approved all planks of the farmers' platform except that making the nominee for secretary of agriculture acceptable to farmer organizations.

Mr. Gerard's approval was blanket, except the plank calling for payment of the war debt, "chiefly through a highly graduated income tax."

"I do not believe that the war debt should be paid entirely by a few people in the community," he said. **Lenroot Sends Detailed Reply.** Senator Lenroot submitted a detailed reply as a "private citizen," reiterating his public statement that he was not a candidate and that Governor Sprout of Pennsylvania also denied that he was considering entering the race.

The answers and others received will be sent to the membership of the farm organizations for their information, it was stated.

MAY DAY STRIKE IN CANADA PREDICTED
HALIFAX, N. S., April 28.—Canada will be tied up by a one day strike May 1 in sympathy with the seven Winnipeg strike leaders sentenced to a year's imprisonment for seditious conspiracy, according to an article to appear in the Chronicle tomorrow quoting J. B. MacLachlan, district secretary of the United Mine Workers. The United Mine Workers' locals have been taking a vote and officials declare all locals favor the strike.

BAD SCALES USUALLY CHEAT DEALER, HE SAYS
TERRY HAUTE.—Most of the unfair scales, J. A. Buck, city sealer of weights and measures, finds are worn out and dot doctored, he says. "Most of them cheat the merchant rather than the customer," thinks Buck.

SPRING FEVER

Following Colds, Grip or Flu, Thin, Watery or Poisoned Blood

(BY DR. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

BAKER CITY, OREGON.—I was taken with influenza and also had a nervous breakdown. My stomach was so bad I did not retain my food for three or four weeks and I was troubled with sourness and gas. I doctored with my two favorite doctors and a Chiropodist. One day I sent for a copy of Dr. Pierce's Medical Adviser (price, 50c.) which I read and decided to make a trial of the "Medical Discovery." At that time I was only able to stay up a few minutes at a time. After taking two bottles I was able to be on my feet all day. I am now able to eat anything without discomfort and never have the dryness in my mouth in the morning nor any bowel trouble. I walk 18 or 19 blocks at a time now and feel no ill effects. —MRS. WM. HOGGARD, 2630 Church St.

CRITICISM OF SIMS CAUSES SENATE TILT

WASHINGTON, April 27.—Criticism of Rear Admiral Sims, voiced today before the senate investigating committee by Rear Admiral J. S. McKean, former assistant chief of naval operations, resulted in a tilt between Chairman Hale and Senator Trammell, Democrat, Florida, when Admiral McKean was reprimanded by Senator Hale for indulging in "personalities."

The officer declared he was only following a precedent set by Admiral Sims, while Senator Trammell remarked that the chairman's objections to personalities had not run against Admiral Sims' "snappy comments."

Admiral McKean, whose appearance followed completion of the cross-examination of Captain W. V. Pratt, insisted he was not seeking to defend Secretary Daniels or "to damn Sims." **Sims' Charges Monstrous.** Admiral Sims' charges that delays by the navy department prolonged the war four months and cost 500,000 additional lives were "monstrous," Admiral McKean said, adding that if it had been made by "a patient in the government insane asylum it could be understood, but coming from a rear admiral, the head of the naval war college, it was an insult to every officer and man in the navy, or who served in the navy during the war."

"It has been or will be entirely disproved," he declared. **Plans For War.** The charge that the department had no plans for war also was unfounded, he said. He added that one plan had been in existence for years before the war and was corrected up to the time the United States joined the allies and constantly changed as the situation altered. The plan was not perfect, he said, because of new elements injected into the war by German submarines.

Captain Pratt, in answer to Senator Trammell who sought to show Sims' letter to Secretary Daniels entitled, "Some Naval Lessons of the World War," was in reality a sweeping criticism of Secretary Daniels and naval officers generally and said he had no reason to doubt Admiral Sims' declaration that it was intended as a personal criticism. He could not avoid the impression, however, he added, that Sims was criticizing the chief of naval operations.

"I cannot say what was in Sims' mind," Captain Pratt said. "He is sometimes impulsive."

Secretary Daniels was not Admiral Sims' target, the officer declared.

CZECH SOCIALISTS LOSE IN ELECTIONS

WASHINGTON, April 28.—Czech socialists sustain slight losses in the elections for the senate last Sunday, according to official dispatches from Prague received today by the Czechoslovak information bureau here.

Social democrats in the working-men's districts showed gains, the dispatches said. In the Prague districts three Czech socialists, four national democrats, two Catholics, three agrarians and seven social democrats were seated.

Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell and other cars taking the above sizes are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water—\$4.50 proof bag.

NEGRO MURDERER TO BE ELECTROCUTED

INDIANAPOLIS, Ind., April 27.—William Ray, colored, 19, was sentenced to be electrocuted August fifth in criminal court here tonight when a jury returned a verdict of guilty of murder in the first degree. Ray is said to have stabbed to death 14-year-old Martha Huff, a white girl, April 19th.

Ray will be the first person to die in the electric chair in this state.

When the verdict was read, Ray seemed stunned. He had refused to take the stand and the first words he spoke all day were when he was sentenced.

"I didn't mean to kill the girl," he said. "I was overpowered by passion and I didn't know what I was doing."

The eighteen witnesses examined today testified Ray enticed the girl to the river bottom last Monday evening, assaulted her, stripped her of her clothing, stabbed her thirteen times in the throat and threw the body into Eagle creek, where it was found the next morning.

The jury was out twenty minutes.

SMOOT DENIES PARTISANSHIP BY COMMITTEE

WASHINGTON, April 27.—Charges of partisanship in the joint congressional investigating committee made by Roger W. Babson and of "interests in the official bulletin," was denied by Senator Smoot, Republican, Utah, chairman of the committee, in a letter to Mr. Babson, made public tonight.

The report, Mr. Smoot said, was approved by or submitted to Democratic as well as Republican committee members.

"You ask in your letter," he said, "whether the attack on you is a part of the campaign of a few Republicans to discredit the Democratic administration and others prominently associated with it? The report was adopted without any dissent from the Democratic members who were either present or to whom copy had been submitted. The report, therefore, was a statement to congress by the committee itself and not by me personally. I am not seeking, however, to evade any responsibility for the report or my approval of it."

Mr. Smoot disclaimed for the committee any censorship authority over government publications and added: "I am opposed, however, to such mischievous propaganda as has been undertaken by unscrupulous men, both within and without the government service. If the war has taught us any lesson it is of absolute loyalty to our country and its government. Men who before the war were preaching anarchy, Bolshevism and insidious pro-German propaganda should be driven from public life for the United States has no use for such contemptible creatures."

FINANCIERS TO MAKE BIG LOAN TO CHINESE

LONDON, April 27.—A definite step was taken today in the negotiations for a loan to China by a group of financiers of the United States, England, France and Japan when France formally notified Great Britain she would join this country and the United States in declining to acquiesce in the special treatment Japan asked for herself. Japan wants certain railroad concessions which, the other three countries are unwilling to grant.

When the proposition was first taken up by financiers in Paris it was tentatively agreed that the loan should be secured by the lenders taking over China's railroads. Later Japan presented reservations declaring she would join only if allowed to control many strategic railroads in southern Mongolia and central Manchuria. The United States, Great Britain and France, with one accord declined to accept this, whereupon Japan presented the reservations considerably reducing the number of lines she wanted to control individually.

Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years. Chief among the functions necessary to the upbuilding of a little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin.

A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington Street, Monticello, Illinois.

GRINDSTONES AND BIBLES IN DEMAND

SAN DIEGO.—The local Red Cross can't understand why there should be an incessant demand for Bibles and grindstones at its relief store rooms.

WALTER KNOWS BETTER NOW
SPOKANE.—Walter Brown tied down the lid of his tea kettle and is now in the hospital with steam turns.
